Client Profile

Our client is a true trail-blazer in the mobile app sphere, leading innovation and setting global industry standards.

Through their cutting-edge software, this company helps online stores transform into dynamic digital businesses in no time. Not only do they provide the technology to build stunning mobile apps with minimal effort and cost - but also drive store engagement and revenue growth.

Challenges

Outdated Methods of Sales and Presales

Outdated methods of sales and presales are holding organizations back, preventing them from taking advantage of automation tools and data to revolutionize their approach.

Superior Customer Experience

The company was determined to drive growth and research new markets, all while strengthening teamwork for a superior customer experience.

Utilizing Automated Alerts

Utilizing automated alerts, this company sought to gain a crystal-clear view of their deals during each stage of the process, arming them with greater insight and accuracy for future predictions.

Solution

Powerful Tools

Eclat achieved a holistic transformation, propelling the company forward with an optimized Salesforce investment. With multiple customizations in their all-encompassing Sales Cloud, they are now compliant and secure – bringing them closer to realizing maximum value from this powerful tool.

Configure Sales Cloud

Configure Sales Cloud to your specific business needs and integrate with HubSpot, Gong, Clearbit, Outreach, Apollo & LinkedIn Sales Navigator.

Real-Time Email Alerts

MAIL ALERTS FOR DEALS WON, NEW LEAD CREATION & CASE GENERATION - get real-time email alerts when deals are won, new leads are created or cases are generated.
